With the addition of a new hanging strap, Norbitt can now be easily hung indoors or outdoors, offering versatile lighting for any setting. This compact yet powerful rechargeable explorer features a 360-degree swivel, illuminating every corner with ease. Norbitt also comes with three dimming options to set the perfect mood, from a soft 'subtle starlight' glow to a vibrant 'interstellar disco' vibe.

NEW BLING, WHO 'DIS?

Norbitt now comes with a fun twist—customise it with a peak cap, cute ears, a mohawk, or even eyelashes! It's easy-peasy: snap on accessories to transform Norbitt into a rock 'n roll rebel, give him a chill sunny-day vibe, add playful ears, or go all out with eclectic eyelashes for a fabulously stylish look.

Norbitt's an out-of-this-world adventurer, so he's perfect for your outdoor escapades. Whether you're stargazing (his favorite!) or simply roasting marshmallows, he's your cosmic companion. Choose from seven stunning colours - more shades than a supernova!

Give your little space explorer the perfect perch with the Norbitt Wall Mount! Norbitt loves a bird's-eye view, and with his magnetic mount, he'll feel like he's floating in space. Just snap him to the wall and let him light up your universe from his new favorite spot. Plus, his magnet has a secret: a groove to keep his charging cable neat and tidy.

MAGNETIC MAGIC

HELLO MR. WATTSON

Meet the iconic Mr. Wattson—a real charmer, right? But there's more to him than just good looks, and he's ready to spill the beans. 'You might not guess, but I've got a powerful LED bulb that lights up any room, plus 139 glass dimples that create a cosier atmosphere than your mom's best hug.' Easy now, Mr. Wattson! We believe you.

FLEXIBLE MR. WATTSON

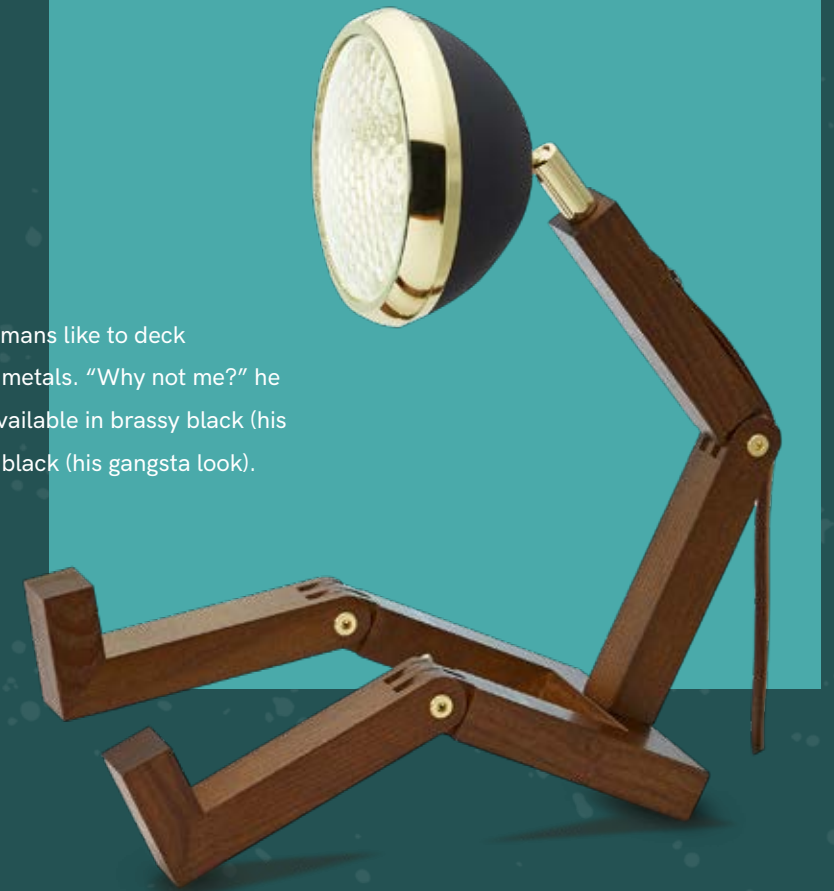

Mr. Wattson's bendy body lets him live life on the edge. "What can I say? I'm a thrill-seeker!" We think your dangling legs are more "adorable" than "thrill-seeker," but we'll let you have your fun, Mr. Wattson.

Fashion Black | 12V-SWR-FB

METAL HEAD MR. WATTSON

Mr. Wattson noticed humans like to deck themselves out in shiny metals. "Why not me?" he thought. So, now he's available in brassy black (his bling look) and stealthy black (his gangsta look).

HEY LOOK IT'S MINI ME

Café Latte | MIN-DWR-CL

Meet Mini Wattson, Mr. Wattson's charming, pint-sized, USB-powered buddy. While some might think it's tough living in Mr. Wattson's shadow, Mini Wattson sees things differently. After all, Mr. Wattson is a lamp—so technically, Mini Wattson grew up in his light, which is a pretty bright place to be!

HANG OUT WITH MR. WATTSON

No surprise here: Mr. Wattson loves the limelight. But did you know he's also a bit of an eco-warrior? His energy-saving LED pendant light lets him shine bright without the guilt. Another glass of wine, anyone?

MEGA SIZE, MEGA IMPRESSIVE

Mr. Wattson learned everything he knows from his big brother, Mega Wattson. Not only is Mega taller, but he's also a powerhouse that can light up any space.

TOP-SHELF

Meet Mr. Wattson's new floating shelf! We know, it sounds a bit fancy. But when your cable's always getting in the way, you need a solution. And of course, we couldn't forget about Mini Wattson. He gets his own special shelf too.

MR. WATTSON'S HOBBIES

Snowboard Table Stand | SB-SWR-SN

If Mr. Wattson had a Tinder profile, this would definitely be his main photo. Don't be fooled though, he's not really an outdoor enthusiast. But hey, you could always gift him a surfboard or snowboard table stand to fuel his fantasy. Maybe even snap a photo for him.
