## An Inspired Collection

Uyuni Lighting draws its name from the magical reflections of Bolivia's Salar de Uyuni. It was beneath the breathtaking, star-filled skies that our designers found inspiration for the Uyuni LED Candles. They envisioned capturing the beauty of distant galaxies and bringing that wonder into homes worldwide.

More than just a mesmerising glow, Uyuni Lighting Candles create a sanctuary—free from harmful emissions. Crafted with care,

our products prioritise your well-being while delivering elegance and safety.

Handcrafted with premium materials and cutting-edge 3D flame technology, our LED candles with the *Signature Flicker™* are designed to exceed expectations.

This Spring/Summer season, we proudly introduce an expanded Rechargeable Collection, featuring the new Glow Rods, an updated Outdoor Lantern, and more.

## A Handcrafted Journey

We take great pride in the craftsmanship behind each of our candles. Carefully handcrafted by our skilled team, every candle is made with virgin paraffin wax, a natural material with distinct qualities. As a result, each candle is beautifully one-of-a-kind.

We pay meticulous attention to every step of the creation process, and we invite you to treat each piece with the same care. Enjoy!

## Signature Flicker™

Uyuni Candles blend timeless elegance with cutting-edge functionality. Featuring a unique 3D flame and our *Signature Flicker™*, they provide a luxurious look and feel. With remote control convenience, you can easily adjust the brightness or switch them on and off to suit any mood. With multiple timer options ranging from 4 to 10 hours, you can set the ideal ambience for any occasion.

With the added convenience of controlling all your candles at once, you can effortlessly create a serene atmosphere with just a touch. Enjoy the freedom to adjust the glow and settings from anywhere in the room.

Uyuni Lighting offers batteries designed to pair perfectly with every candle in our collection. Thanks to significant advancements in our candle technology, our batteries now deliver longer-lasting performance than ever before, ensuring your favourite candles shine brighter for longer. Don't miss out on the perfect pairing for your candles—browse page 54 to discover the full range of batteries.

## Garden Glow

The Uyuni Outdoor Lantern has been reimagined for exceptional outdoor lighting. Featuring a sleek, slimline base, this versatile lantern comes complete with an Outdoor Pillar Candle, a refined glass dome, and a minimalist handle for easy placement and movement. Control your ambience effortlessly with the included remote. A modern take on a traditional lantern, the Uyuni Outdoor Lantern is perfect for patio tables, mounted on a spike, or hanging gracefully from a tree. It is weather and rust-resistant, with a screw-in base that ensures lasting performance in any outdoor setting.

## Made for the Outdoors

Splashproof, wind-resistant and UV-protected, it's safe to say that our collection of Outdoor Candles can handle Mother Nature. They're tough against the elements but still beautiful to look at and are delightfully easy to use, with a convenient remote control. The new collection with D batteries offer approximately 2500 hours of battery life.

The Outdoor Collection boasts Pillar Candles, The Outdoor Lantern, The Outdoor Candle Spike Accessory and now, the new Glow Rods.

The Outdoor Spike has now also been redesigned to screw easily into any Uyuni Outdoor Candle. With a matte black base and durable spike, it's perfect for creating outdoor features along pathways or gardens. Water- and rust-resistant, it's built to last in any weather.

### PLEASE NOTE

- All candles' height dimensions exclude the 2,8cm LED Flame
- We recommend using Uyuni Lighting batteries for optimal performance
- As all our wax candles are handmade, each of them should be considered unique. Consequently, slight variations in colour and structure may occur
- Wax candles are always receptive to subtle surface marks, which are more visible on coloured candles
- The candles with wax should not be stored or used at temperatures lower than 1°C or above 35°C
- The Uyuni Outdoor Candles should not be stored or used at temperatures lower than -10°C or above 40°C

# Don't forget the Batteries...

Significant advancements have been made to the battery life of our candles. The new outdoor pillars with D batteries now last approximately 2500 hours - that's an entire year when used on a timer for 6 hours per day! Pillar candles last approximately 1000 hours with C batteries, and tealights last approximately 400 hours with CR2477 batteries. Browse our batteries on the left page.

\* Excludes some Tealight Candles, Outdoor Collection and Christmas Mini Tapers  
 \*\* Piffany Copenhagen has different patents for our Uyuni candles
